Subject: Congratulations

Doug,

This year AAW introduced two new awards to honor the efforts of local woodturning chapters. As chapters continue to innovate and make more substantial impacts, AAW wants to shine the spotlight on their efforts.

The new Chapter Communications Excellence Award honors chapters that demonstrate effective, creative, and innovative communications through email newsletters, websites, social media, marketing campaigns, and video content. This year's winner has excelled in disseminating information, educating, and entertaining their members and non-members, and promoting the art and craft of woodturning through compelling and creative communications.

The winner of the 2024 AAW Chapter Communications Excellence Award is...

The Woodworkers of Central New York

Congratulations! This was announced at the AAW Symposium Banquet last night and will be shared with all members through email and social media.

Matt Brubaker

Marketing and Communications Director

American Association of Woodturners (AAW)
