

December 6, 2018

Friends of Beaver Lake Nature Center
Attn: Edward McManus, President
8477 East Mud Lake Road
Baldwinsville, NY 13027

Dear Mr. McManus,

Enclosed is a check for \$300.50 which represents one half of the proceeds from the raffle sponsored by the Wood Carvers Committee of the Woodworkers of Central New York, Inc. [Woodwork CNY] at the 2018 Golden Harvest Festival. We thank you for letting us hold the raffle for our hand carved cane and providing tables for us at which we demonstrated carving during the two day event. The money may be used for anything you deem necessary; however, the Board of Directors would appreciate learning how it was used by July 1, 2019.

Woodwork CNY is the local woodworking club that covers the Central New York area. The bulk of our members are centered in and around Syracuse but we have members north to the St. Lawrence River, south to Binghamton, west into Rochester, and east to Utica. We even have a member living in Massachusetts. During the past year, all the woodworking groups in Central New York merged into the new club, Woodwork CNY. That includes the former Onondaga Woodcarvers who held their meetings there at Beaver Lake for many years and sometimes will still use the facility for larger events.

You can see information our organization on our website – www.woodcny.org.

Thank you for all you do for Beaver Lake Nature Center. If there are questions, please do not hesitate to ask.

Sincerely,

Barbara Raymond-LaPrease
Secretary
Woodworkers of Central New York, Inc.

Woodworkers of Central New York, Inc

Dear Barbara,

On behalf of the Friends of Beaver Lake, I want to thank you for the \$300.50 donation. Your generous gift will be put towards the Nature's Advocate Campaign. This campaign is raising money for the new exhibits in the Visitor Center. Thank you for your generosity and kindness
