NEW YORK STATE FAIR EDITION

This month the newsletter is reduced to the bare bones as the club returns to the New York State Fair for its 13 day run! Features normally included will return in October! Got stories or material, send to woodcny@gmail.com!

GOLDEN HARVEST FESTIVAL

The Golden Harvest Festival is a family-friendly celebration of everything fall! It is held at the Beaver Lake Nature Center where our Carving Special Interest Group meets and is always held on the Saturday and Sunday after Labor Day. This year the dates are **September 10th and 11th**. The hours are **10am to 6pm on Saturday and 10am to 5pm on Sunday!**

The club participates in this event in two ways. First, the Carvers setup by the main building to demonstrate their skills and sell raffle tickets. This year, the tickets are for a variety of items. They will have a cane/walking stick of carved blocks. And, they will have an occasional table with carved blocks on the two shelves under glass. During each day, they will also raffle of *stumpy* toothpick holders.

Second, the club will be selling crafts donated by our members in a double booth space somewhere on the property. All proceeds from the sales go to local children's charities. We did very well with our sales last year at this event so we decided to expand from one booth to two!

WHAT DOES ALL THIS MEAN?

- ⇒ **Demo Area Volunteers** – The Carvers will need volunteers to demonstrate and sell tickets. Contact **Gary Morison** (315-436-3366) to volunteer.
- ⇒ **Sales Area Volunteers** – The club needs volunteers on Friday afternoon (likely at 5pm) to setup the sales booth and then on Sunday afternoon (at 5pm) to pack up. If you want to help either Saturday or Sunday with sales to give Barbara or Charlie a break, feel free to volunteer. Contact **Barbara Raymond-LaPrease** by phone (315-345-5381) or via email (woodcny@gmail.com). Please do not use Facebook Messenger!
- ⇒ **Items to Donate** – Barbara will always take donations of your projects. If you have something you want to donate and can't make it to a meeting, contact her to make arrangements. Our second event this fall is in November in Manlius and we will need to restock by then!

WOODWORKERS SIG MAKING A NATIVE AMERICAN FLUTE WEDNESDAY, SEPTEMBER 7TH — 6:30PM

The Native American flute, also commonly referred to as the *love* or *courting* flute, is musical instrument entrenched in American culture for many years. It is held in front of the player, has open finger holes, and has two chambers—one for collecting the breath of the player and a second which creates the sound. Rescheduled from August, **Mike Bloomquist** will demonstrate how to make this flute!

They may use them to smooth them or to remove wood. **Jim Yonkers** will be the presenter for this evening and will talk about the various abrasives, how they are made, how they can be mounted, and ost importantly how they can be used. Jim will also demonstrate how you can make your own finishes.

This talk will available as a hybrid session — both in -person and via Zoom. We hope many of you will join us in-person and bring your *Show & Tell*. Who's Job is It?

Once upon a time, there were four people.

Their names were **EVERYBODY**, *Somebody*, *Nobody* and *Anybody*.

There was an important job to be done and **EVERYBODY** was asked to do it.

EVERYBODY was sure *Somebody* would do it.

Anybody could have done it, but *Nobody* did it.

When *Nobody* did it, *Somebody* got mad because it was **EVERYBODY'S** job.

EVERYBODY thought *Anybody* could do it, but *Nobody* realized that **EVERYBODY** wouldn't do it.

Ended up **EVERYBODY** blamed *Somebody* when *Nobody* did what *Anybody* could have in the first place.

The moral of this story is that when you find yourself saying

"Somebody should pick up the trash / make a sign / outreach / educate / organize donations occupy ..."

Remember: **YOU** are *Somebody*!!!

Isn't that what you've always wanted to be?

The Woodworkers of CNY was formed in September 2017, to combine the three existing woodworking groups in Central New York into one consolidated entity. Four *Committees of the Corporation* (aka Special Interest Groups) focus member's attention on three specific genres—carving, scrolling, & turning—as well as the broader, all-encompassing general woodworking area. Members may attend any of the meetings at no additional charge (unless there is a project or speaker charge).

The Woodworkers of CNY was reaccepted as a chapter of the American Association of Woodturners (AAW) in May 2018. We encourage you to join AAW as it is an excellent organization with great resources as a member. Membership in AAW costs either \$50 for an online only or \$60 for a paper-based membership. Each membership includes the 6 issues of the journal, *American Woodturner*, with the online membership receiving it only online. You also have access to a large collection of online resources such as the publication *AAW Fundamentals* which is published on the off months from the journal.

AAW is an international organization of over 14,000 members of varying woodturning skills. In addition to receiving current issues of the journal, *American Woodturner*, membership also provides online access to all past issues of the Journal from 1986 forward. Access to a Resource Directory is also available only to members. Members of AAW also receive savings of up to 50% on AAW merchandise, including project books, DVDs, logo apparel, and more. Members can apply for an educational opportunity grant whereby an individual can receive compensation toward woodturning education for expenses such as tuition, registration, travel, lodging, meals, etc. They can also apply for professional outreach program fellowship grants to encourage creative growth or research, or to provide inspiration for new directions in turned wood art. The AAW Forum is also available to members as are other restricted articles and resources on the AAW website. Members receive a discount on registration for the annual Symposium which is in Louisville, Kentucky in 2023. Check out the AAW website - www.woodturner.org.

Club Workshops are held at the *Eight Acres Event Center*, a private home near the North Area YMCA, east of Baldwinsville, NY. The address is available by request: woodcny@gmail.com

CARVERS DEMONSTRATIONS/EVENTS

The Carvers meet in the large Community Room at the **Beaver Lake Nature Center, 8477 East Mud Lake Road, Baldwinsville, NY.**

The Nature Center is located west of the Village of Baldwinsville and west of Route 690 North. Mud Lake Road is about 1 3/4 miles west from the 690 exit ramp for Route 370. There is an animal hospital just past Mud Lake Road across the street. The entrance to the park is about 1/3 of a mile from your turn onto Mud Lake Road.

The entrance itself is on the left. Follow the roadway in, wait for the traffic arm to raise and park in either of the lots. Walk to the main building, enter, turn right, and then right again into the large room.

After meetings end, you will exit by the same roadway. If the traffic arm is down, buzz the desk and tell who answers you are with the carvers. They will lift the gate for you to drive through. There is no charge for parking.

WOODWORKERS, TURNERS, & SCROLLERS DEMONSTRATIONS/EVENTS

Demonstrations & events are held in the **Community Room at Station 1 of the Belgium Cold Springs Fire Department, 7920 River Road, Baldwinsville, NY.**

The **fire station** is located southeast of Baldwinsville just south of the intersection of three roads—River Road, Hicks Road, and Patchett Rd.—off River Rd.

If you take Rt 370 north from John Glenn Blvd, River Rd is the first right after going across the bridge. The firehouse is 2 miles from that turn. You can also go to the traffic light on Rt 370 which is Hicks Rd, and make a turn onto Hicks (head up the hill).

If you are coming from Rt. 31, take a left onto River Rd (on the west side of Belgium Bridge), and head south about 2 miles past the new YMCA.

Please be aware that when attending meetings or events at the firehouse, **DO NOT park on the grass or in front of the firehouse bay doors.** If there is an alarm, the firefighters will drive right over your vehicle if it is in the way. The septic system is in the grassy areas. There is plenty of street parking. The entrance is on the **north** side of the building.

Do Not Drive or Park on the Grass!
